

TIRDO PROFILE

**TANZANIA INDUSTRIAL RESEARCH
AND DEVELOPMENT ORGANIZATION
(TIRDO)**

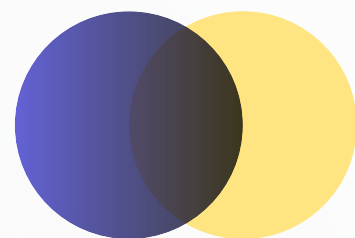

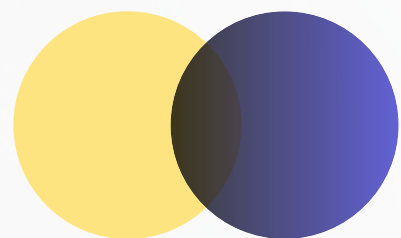

ABOUT TIRDO

Tanzania Industrial Research and Development Organization (TIRDO) is a multi-disciplinary research and development organization established by an Act of Parliament No. 5 of 1979 and it became operational on 1st April, 1979.

It is a Government owned institution under the Ministry of Industry, Trade and Investment. Its mandate is to assist the industrial sector of Tanzania by providing technical expertise and support services to upgrade their technology base.

Furthermore, TIRDO mandate is to carry out applied research for the development of suitable technologies, and value addition to indigenous resources through industrial processing.

OUR FUNCTIONS

- Carry out and promote the carrying out of applied research designed to facilitate the evaluation, development and use of local materials in industrial processes.
- Research into local and foreign industrial techniques and technologies and evaluate their suitability for adoption and use in industrial production.
- Promote and provide facilities for training personnel for carrying out applied scientific and industrial research.
- Operate documentation system to disseminate information on applied research.
- Provide technical services for industrial development
- Provide technical capacity to mitigate industrial pollution.

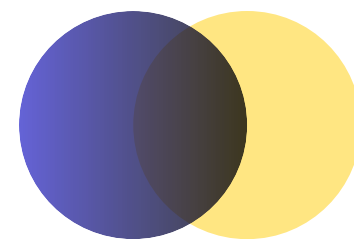

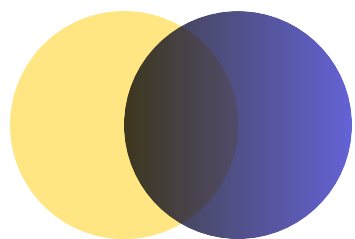

ABOUT OUR **VISION**

“To be the leading industrial research organization, that conducts high quality, environmentally friendly and demand driven research with outputs resulting into competitive industry”.

ABOUT OUR MISSION

“To support the development of competitive and green industries through quality research, technologies development and professional technical support services”.

Consultancy

3

Energy Auditing
and
Energy Efficiency
services

4

Feasibility Studies
for new Industrial
Establishment

OUR SERVICES

5

Industrial Technical
Audits

6

- ICT services
- Cyber Security
 - LAN
 - Industrial Information System

7

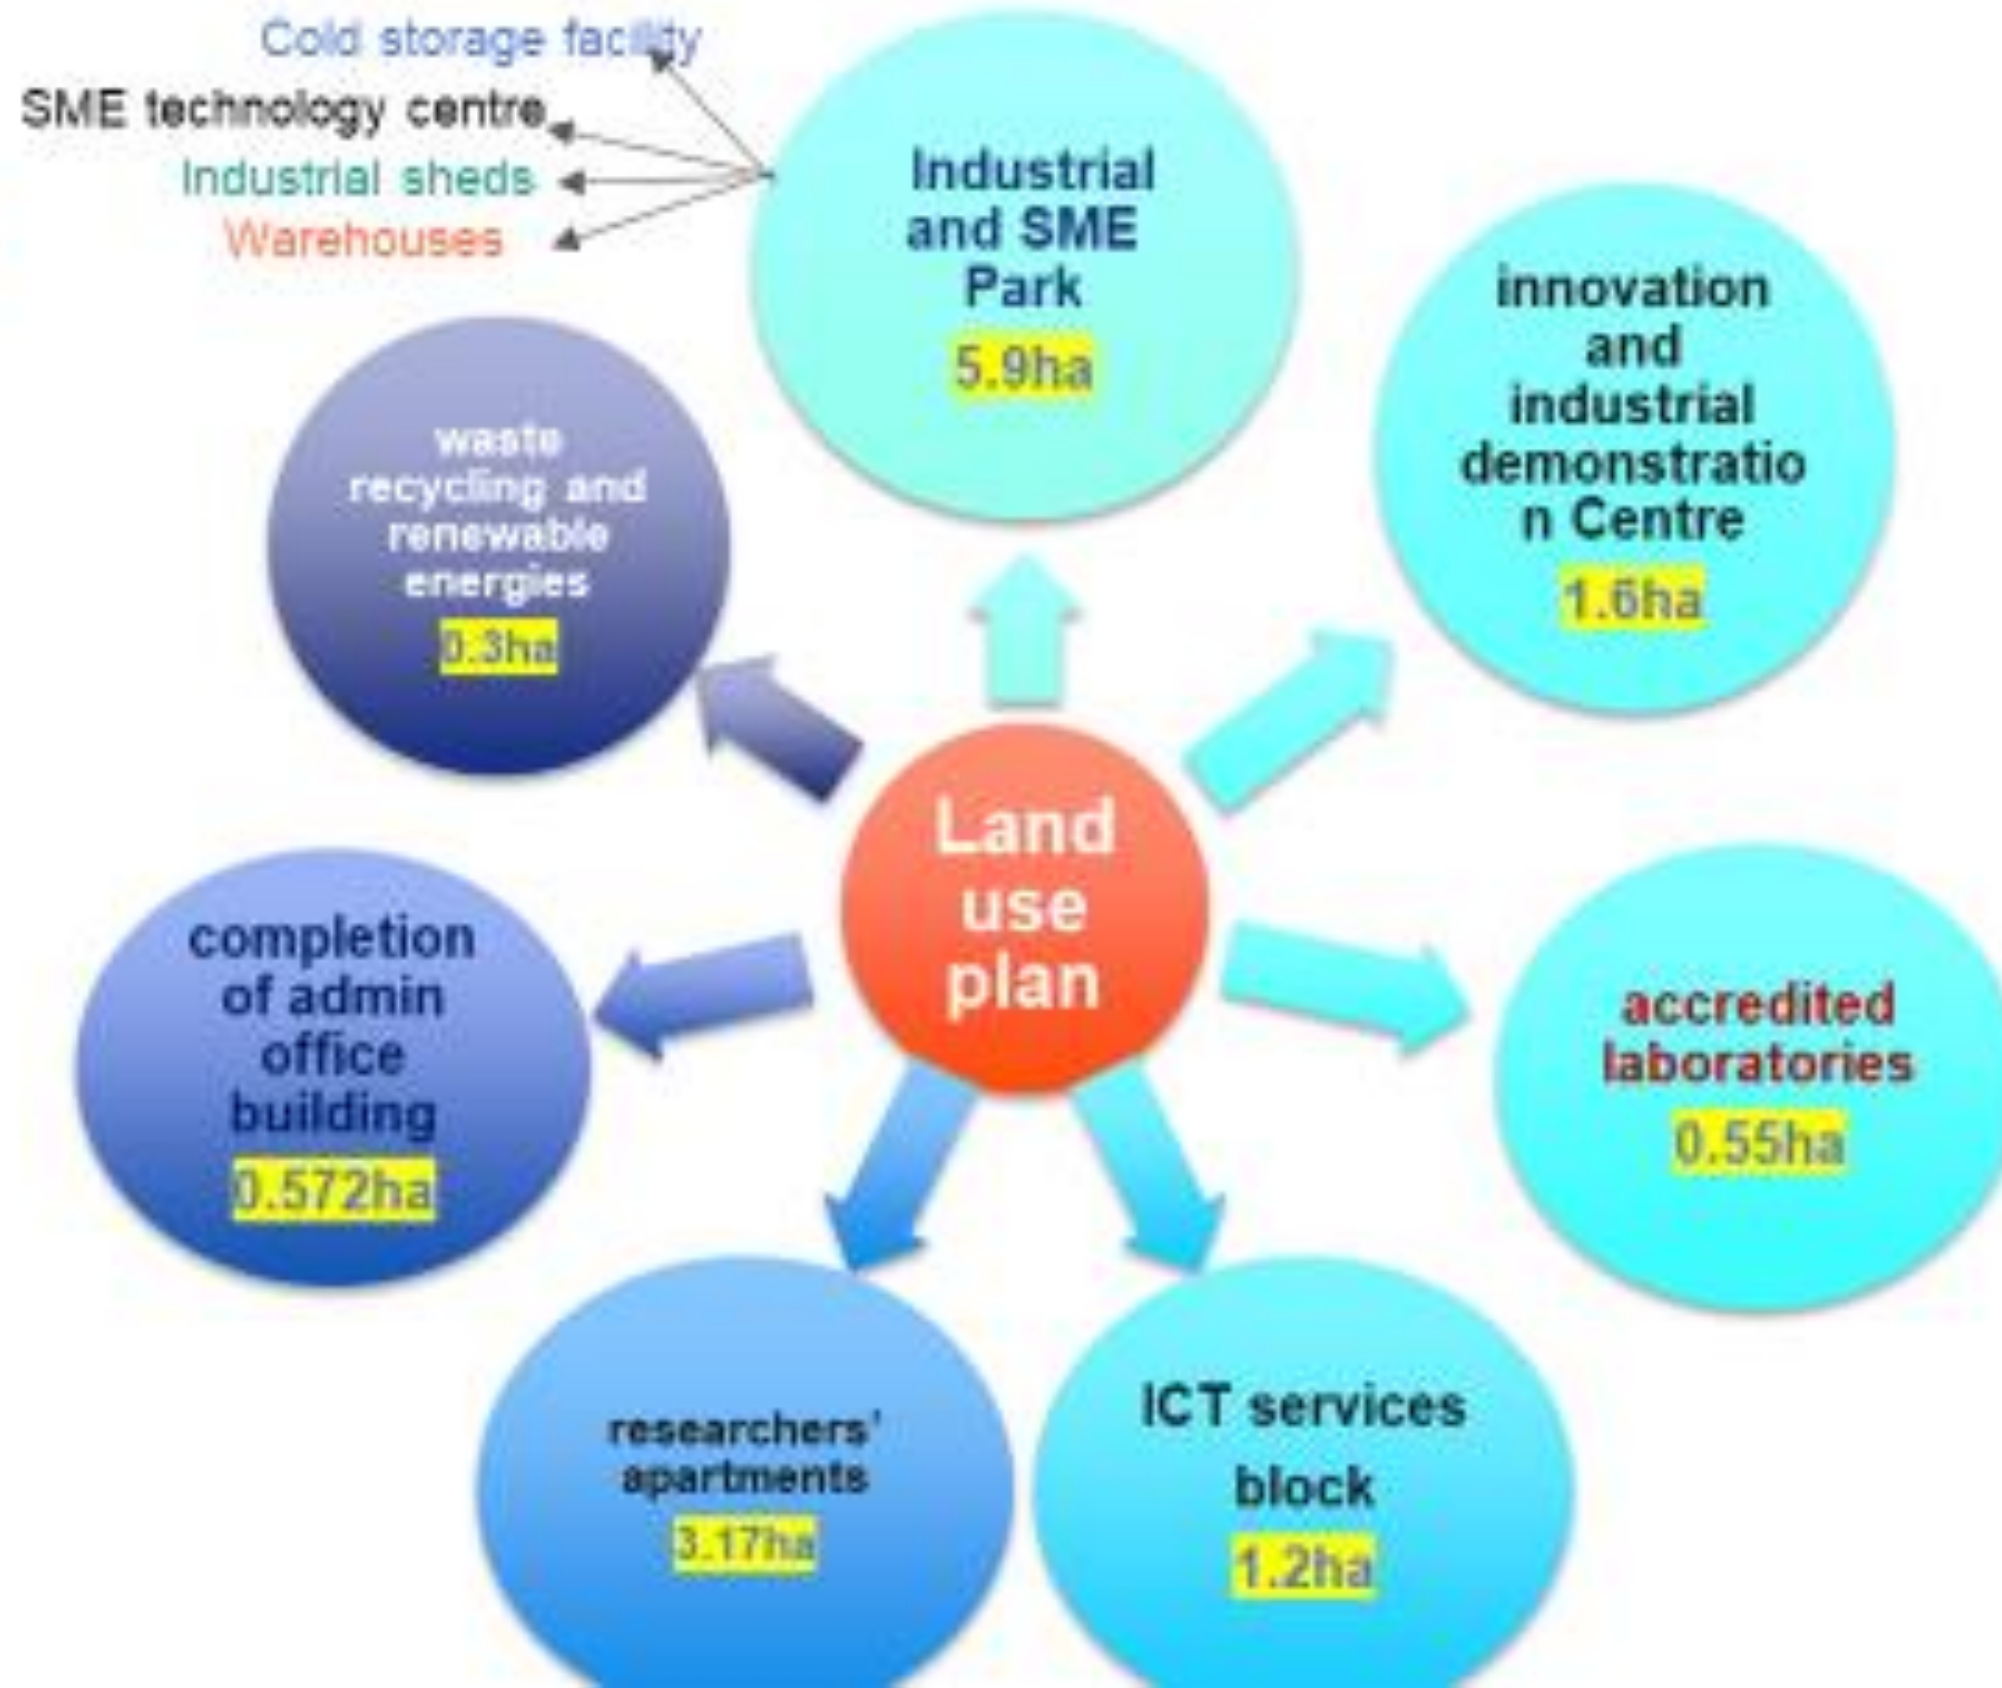

Laboratory
Analytical
Services
(food, chemical,
coal, leather etc)

8

Environmental
Audits, ESIA, EIA

INVESTMENT OPPORTUNITIES

LAND USE PLAN - INVESTMENT OPPORTUNITIES

SAMPLED PROJECTS PERFORMED

INDUSTRIAL PROJECTS
